PEOPLE'S PROPOSED SENTENCING MEMORANDUM

I.

INTRODUCTION

The defendant Kelley Lynch ("Defendant"), for more than seven years, sent victim Leonard Cohen ("Victim") thousands of emails and left several dozen voicemail messages. During this time, Victim first sought and obtained a three year restraining order from the Los Angeles Superior Courts. Victim later sought and obtained a permanent restraining order from the Colorado courts, which was later registered with the Los Angeles Superior Courts in 2012. After a one week jury trial, Defendant was convicted on two counts of making obscene and/or threatening telephone calls, a violation of Penal Code §653m(a), and was convicted on five counts of violating a restraining order, a violation of Penal Code §273.6(a). During the trial, Victim spoke in detail about how Defendant's actions were both annoying and threatening.

During the same time that Defendant was harassing Victim, as well as during trial, Defendant repeatedly contacted Bruce Cutler, a criminal defense attorney in New York, via both email, letters and voice mail messages. (See Exhibit A for letters sent by Defendant to Mr. Cutler since Defendant has been in custody.) Defendant has also repeatedly contacted Los Angeles District Attorney Steve Cooley via email for several years. In an email sent to Mr. Cooley in January 2012, Defendant states several times throughout an email "EXECUTE Steve Cooley." (See Exhibit B for further detail.)

The maximum penalty for each violation of Penal Code §653m(a) is six months in the county jail and/or a fine of \$1,000.00. The maximum penalty for each violation of Penal Code §273.6(a) is one year in the county jail and/or fine of \$1,000.00. Penal Code §653m provide that as a condition of probation a defendant may be ordered to complete counseling. In addition, as Victim would be described pursuant to Family Code §6211(c) as someone "with whom the

1 [defendant] is having or has had a dating or engagement relationship,” Penal Code §1203.097 is  
2 applicable for sentencing purposes.

## 3 4 ARGUMENT

### 5 II.

#### 6 SECTION 654 OF THE PENAL CODE 7 REQUIRES THAT SENTENCING BE PERMANENTLY 8 STAYED ON THE ANNOYING TELEPHONE CALLS COUNTS, 9 BUT NOT ON THE RESTRAINING ORDER COUNTS.

10  
11 Section 654 of the California Penal Code is applicable where multiple convictions are  
12 based on a single criminal act or omission. Penal Code Section 654 provides in pertinent part  
13 that “[a]n act or omission which is made punishable in different ways by different provisions of  
14 this code may be punished under either of such provisions, but in no case can it punished under  
15 more than one.” The California Supreme Court has interpreted this section to prevent multiple  
16 punishments for different acts or omissions where the defendant entertained a principal objective  
17 to which other objectives, if any, were merely incidental. *People vs. Miller* (1997) 18 C.3d 873,  
18 875; *People vs. Beamon* (1973) 8 C. 3d 625, 639.

19  
20 For example, in *Beamon*, where the defendant was convicted of kidnapping and second  
21 degree robbery, the court held that both crimes were committed with the intent and objective  
22 solely to rob the victim of his truck. *Id.* at 639. The defendant could therefore only be punished  
23 for one of the crimes. *See also, People vs. Ratcliffe* (1981) 124 Cal.App.3d 808, where the court  
24 held that the defendant could not be punished for both kidnapping and false imprisonment.  
25

26 Here, Defendant committed the act of making annoying telephone calls and violating a  
27 restraining order with one objective in mind: to harass Victim. Defendant can therefore only be  
28

1 sentenced on one of the counts. Where, as in the present situation, a defendant suffers multiple  
2 convictions, some of which are precluded by operation of section 654, the accepted procedure is  
3 to sentence the defendant for each count not affected by section 654, and stay the execution of  
4 the convictions to which section 654 is applicable. Miller, 18 C. 3d 873, 876; Beamon, 8 C. 3d  
5 625, 640. The stay of sentence on the affected counts are effective pending the successful  
6 service for the more serious conviction after which time the stay of sentence becomes permanent.  
7 Miller at 886. Therefore, since the maximum sentence on the restraining orders counts are  
8 greater than the maximum sentence on count the annoying telephone counts, this Court must stay  
9 the sentence on the annoying telephone counts. However, Penal Code §654 does not apply to the  
10 restraining order counts as the convictions on those counts occurred on different dates.

### 11 12 13 III.

#### 14 15 DEFENDANT'S DUE PROCESS RIGHTS ARE NOT VIOLATED 16 IF THIS COURT CONSIDERS ACTS NOT LEADING TO 17 CONVICTIONS AS LONG AS THERE IS SUPPORTING 18 DOCUMENTATION FOR SUCH ACTS.

19 If a defendant, who is convicted of a misdemeanor, is not referred to a probation officer,  
20 the court may consider any information in sentencing such defendant which could have been  
21 included in a probation report. Pen. Code §1203(d).

22 The United States Supreme Court has ruled that the same evidentiary rules which are  
23 used in a trial to determine a defendant's guilt are not applicable in a sentencing hearing.  
24 William vs. New York (1949) 337 U.S. 241, 247. A sentencing judge is not confined to the  
25 narrow issue of guilt. Rather, the sentencing judge's primary concern is setting the appropriate  
26 sentence for that particular defendant based on the fullest information possible concerning the  
27  
28

PEOPLE'S PROPOSED SENTENCING MEMORANDUM

1 defendant's life and characteristics. Id. If such information is not made available to the judge,  
2 the Supreme Court reasoned, a repeat offender could receive the same sentence as a first  
3 offender. The court in Williams rejected the defendant's claim that his due process rights had  
4 been violated where the sentencing court relied on information not obtained through a formal  
5 evidentiary hearing. The Supreme Court ruled that "the due process clause should not be  
6 treated as a device for freezing the evidential procedure of sentencing in the mold of trial  
7 procedure." Id. at 251.  
8

9  
10 The California Supreme Court is in accord with the Williams court as long as the  
11 sentencing hearing is fundamentally fair. See, People vs. Peterson (1973) 9 Cal.3d 717. It is  
12 therefore permissible for a court to consider evidence that would not be admissible at trial, such as  
13 as an arrest, in sentencing as long as there is substantial basis for believing the information either  
14 contained in the probation report or presented at the sentencing hearing is accurate and reliable.  
15 Id. at 727; People vs. Calloway (1974) 37 Cal.App.3d 905, 908. Thus, the kind of information  
16 contained in a rap sheet is not acceptable, but supporting factual information such as a statement  
17 by the victim, police reports, or disposition of the arrest is acceptable. Ratcliffe, 124 Cal.App.3d  
18 808, 823. In addition, an arrest not resulting in a conviction must be labeled as such to prevent  
19 the sentencing court from mistaking an arrest for a conviction. Calloway, 37 Cal.App.3d 905,  
20 908. For example, in Peterson, the court held it was permissible to allow a police officer to  
21 testify as to uncharged bad acts by the defendant at sentencing. The defendant was allowed to  
22 present evidence to the contrary, and there was a substantial basis for believing the officer's  
23 testimony. 9 Cal.3d 717, 728. A similar result was reached by the court in Ratcliffe, where the  
24 court held that the defendant was not denied due process of the law by a probation report which  
25 included police contacts not resulting in convictions. 124 Cal.App.3d 808, 822.  
26  
27  
28

1 Here, in addition to harassing Victim, Defendant has also harassed Mr. Cutler and Mr.  
2 Cooley. (See Exhibit C for letters from Mr. Cutler and the Los Angeles County District  
3 Attorney's Office.)  
4

5  
6 **IV**  
7  
8 **PROBATION IS A PRIVILEGE NOT A RIGHT AND**  
9 **SHOULD BE DENIED IN THE PRESENT CASE**  
10 **UNLESS CERTAIN CONDITIONS ARE MET BY DEFENDANT.**

11 It is well settled that probation is a privilege, an act of clemency and not a right, the  
12 granting of which is within the sound discretion of the trial court. (People vs. Pinon (1973), 35  
13 Cal. App. 3d 120, 123.) The California Supreme Court has stated that:

14 The paramount concern in sentencing must be the protection  
15 of society. The interests of the defendant are legitimate by  
16 secondary concern. Granting a convicted criminal the qualified  
17 liberty of probation subjects society to the risk that it will  
18 continue to be victimized during the period when he would  
19 otherwise be confined. In determining whether to grant  
20 probation, the judge must therefore satisfy himself that the  
21 risks inherent in that disposition are outweighed by the  
22 potential benefits.

23 (People vs. Warner (1978), 20 Cal.3d. 678, 689, superseded by statute on other grounds.)

24 For example, in People vs. Peterson (1973), 9 Cal.3d 717, 728, where the defendant had  
25 been convicted of possession of heroin, the court allowed one of the arresting officers to testify  
26 to the defendant's history as a drug dealer. Based on that testimony, the California Supreme  
27 Court reasoned that it was appropriate to deny probation in such a case, and sentence the  
28 defendant to state prison. (Id.)

In the present situation, based on the testimony of Victim, as well as the information in  
the attached exhibits, it is clear that Defendant poses a serious safety risk to the community at

1 large in general, and to all the people mentioned in her letters, emails and voicemails in  
2 particular. What is particularly concerning is the recent letters sent by Defendant to Mr. Cutler.  
3 Reading those letters, one would never conclude that a long standing relationship did not exist  
4 between Defendant and Mr. Cutler. It seems that Defendant has an undiagnosed mental health  
5 issue. Therefore, the People are recommending that pursuant to Penal Code §1203a, Defendant  
6 either allow sentencing to be continued for a brief period and, in the interim, be ordered to  
7 comply with a mental health evaluation by Sandra G. Baca, PsyD., LMFT of About -Face  
8 Domestic Violence Project, or the be placed on five years probation pursuant Penal Code  
9 §1203a, ordered to reside for at least one year at Gateways, ordered to take any medication that  
10 is prescribed while housed at Gateways, be given for credit for time served, as well as credit for  
11 any time in custody until Defendant can be transferred either by a representative from Gateways  
12 or the Los Angeles Sheriff Department, ordered to pay a restitution fine of \$100.00, a domestic  
13 violence fund fine of \$400.00, ordered not to own, possess, buy or sell any dangerous or deadly  
14 weapons for the next 10 years, ordered not to annoy, harass, molest, or otherwise disturb the  
15 peace of any victim or witness involved in this case, and ordered to stay 100 yards away from,  
16 and have no contact with Michelle Rice, Robert Kory, and 9300 Wilshire Boulevard in Beverly  
17 Hills, California.

18 In addition, pursuant to Penal Code §136.2 and the documentation included in the  
19 People's attached exhibits, Defendant should also be ordered to stay 100 yards away from, and  
20 have no contact with Bruce Cutler, Esq. and District Attorney Steve Cooley. (*See also, People*  
21 *vs. Ponce* (2009) 173 Cal.App.4<sup>th</sup> 378, 382-383; *People vs. Stone* (2004) 123 Cal.App.4<sup>th</sup> 153,  
22 158-161.) The People are not requesting a stay away order for Victim as Victim already has a  
23

1 permanent restraining order against Defendant. Instead, People are requesting that compliance  
2 with the order be made part of the terms and conditions of Defendant's probation.

3  
4 Based on Dr. Baca's letter (see Exhibit D), as well as the actions of Defendant, the  
5 People believe Defendant is not an appropriate candidate for probation if she is not willing to  
6 address the serious issues that led her down the path of conviction in this case. If Defendant  
7 refuses to accept People's recommended terms and conditions of probation, probation should be  
8 denied and Defendant should be sentenced to the maximum sentence of five years.

9  
10 V.

11 **CONCLUSION**

12 For all the foregoing reasons, the People respectfully request the Court to impose the  
13 recommended sentence.

INSPECTED

28 March 2012  
Thurs day

Hello Bruce Cuffa

I am in the midst of a particularly long day - although all days at Lynwood are long, boring, and absurd. I made the mistake of requesting a visit to the nurse. Since my 2nd court appearance (back to back), I have been in a constant shooting pain down the legs and legs, I'm unable to sleep - cold, hard objects to sit and sleep on seem to be a great part of the problem. Unless I'm dying, I tend to doubt I'll visit the nurse again. It's an easy way to end up on lock down. As soon as I'm out of here, I want to review the Stanford Prison Experiment and talk to my friends in prison reform, etc. An old friend of mine (who I dated) was a warden. My grandfather was a magistrate. My best friend's father was Chief of Police etc. Never have I seen anything like Los Angeles and its alleged criminal justice system. My mother and father think my book chapter on jail will be valuable. We shall see.

Not sure what my lawyers have  
in mind but we are definitely going  
to trial. Cohen's criminal tax fraud,  
my emails requesting tax info,  
the letter was to LPPD, and, Lesley  
and Cohen's non transparent, co-sponsoring  
are issues. I want to take the  
stand. The City Atty. did not  
know how to get Cohen's "little"  
notebook into evidence (The judge  
walked her through it) and while I  
hear the sound of it ~ Sander Streeta  
and "affirmative action" are now  
synonymous in my mind. Steven  
Machet's Thelma Koy, et al, don't  
understand the "law" ~ well, he  
should experience Streeta for a  
mind boggling moment in the VA  
Justice System. The City Attorney  
should be forced to explain not  
only his role here but, why the tax-  
payer foots the bill for Streeta.  
As of now we are calling the  
following individuals as witnesses:  
Steven Machet, Dong Davis - FTB,

Agent Gene Tjeden - IRS/Frank, VA,  
Agent Kelly Sagko - Treasury, and,  
you - because I think it is ex-  
tremely relevant that when he put  
himself on Phillip's Grant Fund and  
the District Director has now put  
himself with Cohen and has an investi-  
gator in court. Perhaps it is "Muko"  
My cellmate is a living breathing  
Gombie or psychiatric mela. She  
was arrested for prostitution and  
being drunk. She has about 15  
different versions of what actually  
happened. She is a great con artist  
and liar - and thief. When I was at  
County she stole my other jail issued  
out fit. She fears my mother and she  
is revolting. She lies in bed and eats  
her food. In fact - visualize this:  
my Gombie lying down hickieing a piece  
of Bologna that she has on her "pillow"  
Doesn't that sound positively nasty,  
Mr. Cutler? On top of it all, she does  
not have teeth and is presently  
crackeing a hard boiled egg.

(3)

I wrote Michael Ingrassia. He was kind enough to visit my landlord after I vanished and he is keeping in touch with Puffin. The trauma to Puffin is unconceivable. He asked to speak to one of the Berkeley PD officers, told that he was stressed, and discussed his concern for my place to live. I want to bankrupt Cooper and his refusal to investigate the whole Foods incident that led to Puffin's having his fingers ripped off is tantamount. There is obviously criminal negligence. And then there is the letter Ray's School sent you. Forgive, I want that letter. Is it about Ray drawing ways to commit suicide? It would assume it has something to do with that.

It's time for "lenient exchange." Much ado about nothing more than a change of clothes. It would take 10 minutes if they just had the trustees hand everything to the "guests" in their cells. But then — there would be no yelling, forgive.

I should focus on my book. I have relatively casual notes. When I say I'm taking Cohen down, I mean that I intend to "deflate" him. As Cesar Pardo noted early on, I can deflate him big time. Bruce, and the hypos to "Suzanne takes you down. How's that?"

I am reviewing Phillip's murder trials in my mind. Some things I want to address in my book.

~ speaking to Devra Dubois while working for Mark, etc. and never once hearing about a gun incident.

~ the incident at The Carlyle and the fact that a woman was hiding in the bathtub/shower and Phillip did not have a gun. I think Pench was wrong. Also, Phil ~~was~~ wasn't drunk.

~ the fact that I waited for Phillip in '88 + '89 and Cohen did not. And, Janice told me Cohen also hid and said she scheduled the bowling party when, in fact, Janice did

~ The fact that Cohen told me for 20 years that Phillip never held a gun on him and confirmed this for LAD and Steve Lion. See also - embelished stories so many lies, Bruce, but then again we are talking about salt dogs and bars who were caught going through Phillip + Janice's drawers, stealing, etc. People in reply really understand all of this, Bruce - including prostitutes. So, I'm working on my book...

And, by the way a ci Fayette. My Gombie is awake and freaking me out, Bruce. When liked to hire prostitutes (a little known fact) so perhaps I could hire my nasty toothless Gombie for him. Based on what I witnessed on the street the other day. They would be perfect together. My mother was curious as to why Cohen's grandchildren would be playing on his front lawn. She, of course, sees right through him and his fictional insanity!

I've been having high blood pressure problems but the medication they have me on seems to have just recently brought it down and stabilized it. This Sunday is Easter and I wish I could spend it in Texas with my parents, sister, etc. I have not seen my parents since shortly after when I heard I was going to the IRS and especially that it is a critical issue for me. Going to the IRS was beyond naive, beyond stupid. Still, I would never have accepted the millions when offered me to lie. I would rather die.

You know Bruce, I've thought of Phillip quite a lot since the cowardly morons on the U.S. Supreme Court decided not to hear his case. Never once have I seen the monster the Venetian PD created. Not once have I seen Phillip decimate. I have never seen Phil behave in any manner other

than a gentleman. The system works  
beautifully for the criminals. As  
Yongren Pingche said: call the cops,  
lie to them, get them to take a  
bribe, and head into court. Of  
course, in this case, if I had  
taken my father's latest friend  
of his, they have another law suit  
on their hands. The Smith incident  
scared people. The custody matter  
humiliates them. The latest round  
is merely predictable. I am  
praying that a miracle is bestowed  
upon Phillips and I hope Cooky  
and Wang meet Tsingpingo in a  
dark alley. Of course, Bruce, that  
is an illusion. I have to call  
Yongren Pingche and will ask  
him to speak with Shomaga  
about my stay in jail and  
these unconscionable tactics.  
All the best,  
Killy

20 March 2012

Dear Bruce,

I have been in jail since March 1, 2012. On March 18, I walked out for a package of cigarettes and was approached by Bepkolety DD. They had a "moment" for my arrest but while they had spoken to "detectives" in the past - the best we could surmise is that when I am extension on the fraud restraining order the judge granted me in Boulder. Needless to say, I was not served the restraining order, had no knowledge of it, and must evidently be Omniscent in order to apprise myself of all the fraud floating around about me.

I had a hearing on the 7th. Some moron DDA, who looked like some weird Sycophant out of Lifetime, began by explaining that Cohen is a "celebrity". She has a law degree but lacking a brain, concluded that I am a "fraud ringle" and advised the judge that the file is excessive. There is, much to my  
①

disbelief, an investigator involved.  
Clearly, the men should be fired.  
The judge noted something about  
Cohen's criminal tax fraud and  
my public defender noted my  
emails were requests for tax info.  
from Cohen. Sept / Oct. 2011 -  
when the State garnished my wages  
+ demanded my returns, was  
raised as an issue → as was  
Feb 2011. Just prior to Cohen's  
threat letter to me of 3/14/11  
copying in Dennis Padden, Don  
Buckley, the IRS, FBI, DOJ and  
Treasury. The judge noted that  
various law enforcement agencies  
were copied in on my emails. She,  
being "tough on crime" no doubt,  
refused to release me OR bail  
reduced my bail from 50K to 15K.  
Putney is upset. He spoke to one  
of the officers from Berkeley PD →  
they did note that this is a wage  
of tax paya dollars and asked  
me about IRS, FBI, Cohen, etc.

I informed them that I met w/  
agents from the Treasury in  
Washington and the FBI told me to  
let the IRS take the lead and they'll  
be brought in re criminal witnesses  
& evidence tampering. Clearly  
this is about Phil Spector and I  
continue to maintain that the DA  
personally should be arrested.

Yongzin Rinpoche was clear -  
LA is dangerous to my welfare and  
now their shiny tentacles are oozing  
well out of their jurisdiction.

When, of course, must be on  
dungs if he thinks talk about his  
"alleged" criminal tax fraud &  
my Engels requesting tax info is  
beneficial to his cause.

Tomorrow, I have a pre-trial  
hearing. No one can believe what  
I am in here for but this is LA  
Land! Jail's a bore and this  
will destroy my life. I, of course,  
plan to sue for obstruction  
of justice, false arrest, false >

in prisonment, etc. I've read quite a lot of books, have high blood pressure (150 - 185 most of the time) that meds cannot bring down to 120 or under 140.

All of this will go into my book. Obviously, being my fail, Philip is on my mind but I do not particularly feel like writing to him about the latter episode. It is all too vicious, malicious, low, and unconscionable. Fortunately these people (animals really) get in hell.

All the best,  
Killing

P.S. Berkeley PD also asked me about Cohen's role in Phil Spector's matter. I assured them that he perjured himself. Both men were cool + professional - took me to hosp. for EKG, high blood pressure, etc.

Davidson S. There's a "private  
Scared" investigator looking for me  
in Berkeley + my  
sister is Scared.

30/31<sup>st</sup> March 2012

Hullo Bruce,

Very strange day. Forced to stay in our cells until late afternoon and forced to have one meal in our cells. No rhyme or reason from what I can tell. I wrote to Phillip, send him interview questions, and - again - advised him that I want my book to be a best seller. My mother, Peter, and Karen (who thinks it is ironically funny) agree - my "jail" episode increases the value of my book exponentially. I have a really great interview in mind that will cover his career as well as the trials and so forth. I asked him about you.

My days are spent reading, sleeping, watching CNN (if I can get other inmates to agree to the channel), and dealing with meals which are actually merely an opportunity for more helping. I must interview big Chris for my chapter on jail and her thoughts on training law enforcement. In the meantime, I try not to engage any employees here if possible.

My Sister said Phil did not have a gun when we visited. We visited just before Thanksgiving. I asked her about it. She said she didn't see it. I asked her about it. She said she didn't see it. I asked her about it. She said she didn't see it.

I haven't received the complaints  
and police report from John Reinos  
which is annoying. I am simply  
uncertain if I can address any  
more here. If necessary, when I am  
released, I will write a letter to  
LAPD (probably the Chief) and detail  
all here. I will include evidence  
mail the letter certified, and copy  
in you, Dennis Reichen. The I & K  
Commissioner's Staff, FBI Washing-  
ton, Dept. of Justice, Ron Davis-  
Franchise Tax Board, Agent Sopro-  
Treasury, and the NEWS MEDIA!  
My lawyer ordered the complete file  
from Boulder (see the Grand I & K)  
So he shall see some of the evidence  
I've attached to my Motion to Vacate  
Kyi - I will indeed copy Coker,  
Treleson, et al, in on my letter to LAPD  
I believe lying to law enforcement  
is known as obstruction of justice  
but perhaps it's forgivable when  
undertaken by a wealthy Hollywood  
grand like Ronald Cohen.

My roommate is now bleeding from  
the sores on her mouth. She told  
me today she's angry which is  
obvious. Definitely should be moved  
to mental health. Informed the guys  
who seemed aware of her. God knows  
if she is contagious. I certainly  
don't.

I've found a number of permanent  
novels, a handful of biographies,  
an interesting book of essays by  
Pico Iyer, and a novel called  
"Alice in Wonderland." Pico is the  
brother of Cohen (and the Dalai Lama,  
I might note). His writing about  
Cohen's descent from the Mount  
has gone a long way toward trans-  
forming Cohen in a man with a long  
history of drug/alcohol abuse and  
psychiatric problems into a saint.  
Spoke with my sister this morning.  
Asked her to pray Steven for her  
and a whole lot of love. Also, my  
landlord. Karen's annoyed that  
we haven't heard from my father  
before. For Speedy Train

rules, my trial must begin by  
April 6th.

I had a dream about Lamsang last night. We were in Tibet - ultimately living in these cool, beautiful, verdant, green, complex caves with Heng-Kai-Dong. Lamsang was enthralling as ever. Also, doesn't the Karmapa was making thousands of offerings. I'll have Karen email Sharon next. She does NOT want to email the IRS - FBI - FBI - DOJ - or Treasury. Technically, Bruce, I could argue that Cohen & Costley have "entrapped" me. In any event, it's all Jewry, Communist, divorced, and positively evil. I feel as though I am stuck between a federal matter or milling and serious local/state corruption. My roommate has now flipped out. Has no idea where she is at times, is ranting biblical threats.

just lied to the deputy that I threatened  
her (probably because she stole my  
outfit) and was - again - lying to  
her licking bologna. The deputy  
asked if I was going to fight her.  
I never fight anyone in my  
life but do believe she should be on  
the mental health ward. The trustee  
just told me she informed the  
deputy last night that she didn't  
know where her cell was. The  
deputy thought the trustee was  
lying. Fascinating, no? As I like to  
say, the system works beautifully  
for the criminals. It is interesting  
how liars manage to prevail.

Karen is really nice but I  
wear my own clothes to jail. Good  
food, and no handcuffs. Another  
good point since she is innocent  
until proven guilty unless you are  
caught up in the monstrous  
criminal enterprise. For now, Porcupine,  
I could care less about the  
grandient restraining order and

and bogus charges. I'm more interested  
in the complaint to LAPD. Karen's  
checking my emails and I want  
her to phone Steven Magdal. She did,  
also, work for my father.

Just spoke with an inmate. She  
and her husband (a judge's program  
was taken against one another) visited  
themselves to let her take photos  
to Facebook. His girlfriend found  
out and he had to go to police (called).  
The woman was wearing a yellow  
in jail. He said: How much does  
the case, the woman? The good  
news, Braden O'Connell thinks Cohen  
should be arrested for obstruction  
of justice. But, he's a wealthy  
Hollywood brand who has paid  
himself in Phillip's S. Grand jury.  
So EFF CHANGE. In this instance,  
the fraud TR needs to be attacked  
and Cohen has motive. I am  
disappointed today. I want Steven  
Magdal to speak to my public def  
so people understand the lying  
fraud-thief we're dealing with.

Well Bruce, we're awake and the  
deranged screaming has begun. It  
starts when we wake and ends  
when we have gone through "two"  
wristband checks at night. People  
are extremely upset about this conduct,  
are talking about the ACLU and FBI,  
are wondering what is wrong with  
these people, noting that this type  
of conduct does not happen in  
Prison, and discussing how safe steel  
it is and the lack of professionalism  
particularly with the unrelenting  
cursing. What I am personally  
wondering is: how are these people  
trained, where are their supervisors,  
and, why is this tolerated? I have  
no answers and couldn't guess if my  
life depended on it. When the  
Sheriff's Dept. picked me up in San  
Francisco, I heard a woman deputy  
telling one of them "She's firing me  
shot." That in as good, is a good  
speed he said. The fact that she became  
vindictive over a conversation

we had an hour. Emilia was hysterical. I asked if I could call Rita. She said no and gave no explanation. I then asked again and commented that she probably would not want her children in the dark about her whereabouts. This set the women off who then proceeded to explain that she would never be in my position. Because I asked to use the phone I was "guilty" in her mind. She probably says that. She probably would have told Lord Cohen, told a court of the facts that Arthur Finkelshteyn committed a "fraud in the inducement" taken me millions, LIED, and forced her kid into sex - Smugly. Within 5 minutes it was clear that this woman was a liar, vindictive, out of control, and would engage in a cover up. I wish I had never come to the IRS - I barely had exposure to law enforcement and was not on their radar. In fact, I barely had a parking ticket -

I must say that with so many "affluence"  
on my "case" they really are  
stretching to undermine my credibility  
and I will fully admit that I was  
given a citation in S. for smoking  
regularly. That does not discredit me.  
The moments that accept me do  
not discredit me. And this situation  
does not discredit me. Cohen is  
meaningless. Bruce Schiller said  
he's another Hollywood fraud.

How, Bruce, can LA Superior  
Ct. + LAPD determine (without the  
copy books + records, etc.) that  
Cohen is lying? Can they guess? Peruse?  
Do they know that Cohen is lying  
when he says I was paid more  
than my "company" as personal  
mgr? How? Are they aware of my  
15% ownership interest (Steven  
Muehler's also) is LAPD aware  
that Cohen has stolen from the  
Muehler's also? in all intellectual  
property dating back to 1967?  
How about copy distributions,

Corporate pay-outs for taxes due,  
etc? The question is, then, Bruce,  
when can paying or fraud be a  
"fact"? Perhaps as with Bonds,  
Cohen has merely engaged in  
unauthorized racketeering. Also, Bruce,  
when can a court of law enforce-  
ment deem a paying or fraud as  
a fact? In a "Bank" hearing with  
a young City Attorney? In the fraudu-  
lent Boulder restraining order  
hearing? The judge told me she  
would be "distressed" if she were  
me. Well, let me assume you of  
this, Bruce - Judge Samuel Haysen  
would not be. He has evidently  
seen everything. So have I, Bruce  
and I now agree with all major  
Tibetan lamas: lamas (not of your  
 ilk) have destroyed America and  
these judges are enemies. As His  
Holiness Kuzum Lingpa said: I  
cannot help you with the law but  
I can help you with reality. I  
gave him Cooley's photo graph

and was clear: he's my arch enemy.  
The first DA to hit Toot.

I'm working on my book & am  
giving thought to the evening Brian  
Bennett called by re. my friendship  
w/ Phillip and the "Anonymous" fight  
the DA's office tried about our  
friendship. They've called ID. So  
the "Anonymous" fight from a  
woman. Story is no doubt, a  
lie. I cannot recall what incident  
Bennett brought up but I believe  
it was the night Phillip & I left  
my jeep at Phillip's. Kufu was  
little, Ray wasn't here - so it was  
between 1990 and 1992. I thought  
Bennett told me Kautie brought  
up this incident where Phillip  
decorated my car with Bales &  
mono stickers. Phillip then got my  
increased irritation over the  
weekend was hilarious. I thought  
he was lame for not coming out  
to say "hi." When did Karen and  
I visit? I'll ask her when I call

today. This was another "incident"  
Bennett and I discussed and  
I did indeed phone my parents  
during the discussion although  
the report = reviewed w/ Dale  
himself does not indicate that I  
should have Bennett just fucked  
up in his role taking a to be in a  
jacket in a murder trial scene  
off Gore but, then again it looked  
like most "whoppers" for the  
prosecution lied. One of the  
chords of my story is this - to  
not identify with the Sleazebags  
in the slings network. I have  
been featuring people to the "Fall  
Discipline" on Coote, and  
will feature the corruption in  
it in my book. I really want  
to do a 45 minute interview with  
Hilly. I've had about 2 million  
conversations with him and  
know him well. My book will  
detail what he told me actually  
happened the evening Clarkson

spot herself. I can see Phillip across  
from me at the restaurant and,  
I can almost smell him because I  
loved the cologne he had on - Phillip  
promised me he would order some  
(or put it on). There were 2 annoying  
judgmental mothers at the bar behind  
me. The waitress was happy to see  
Phillip and at first thought she was  
seniority flirting with him (sitting  
down with us, etc) and I asked:  
Did you shoot her Phil? and  
he told me what happened - This huge  
Amazonian woman dancing around  
in his zone, singing "Da Dos  
Run Run" and then shooting  
herself. Phillip was outraged that  
the police didn't bring in memes.  
He told me about being teased,  
tackled, treated unceremoniously, etc.  
And, I am an ESL tutor, Bruce,  
so I am aware that people he  
when they can't speak English  
or understand it properly which  
is why my Brazilian roommate

this  
now  
reminds  
me of  
David  
Pamela

to me  
"What  
about  
that  
waitress  
and  
the  
woman  
if you  
and

said "nice" when I told her  
"Whitney Houston died." Extremely  
tragic (and unspeakable situation)  
I think The Scientist's situation  
(with him sold drugs, son drugs,  
etc.) should help put Shelly's  
situation in perspective because  
the one woman tried to kill herself  
at his house and was totally  
out of control at The Lancaster  
Sheriff's Dept - and assaulted  
Duke of Eye - a nurse and tried  
to kill herself in front of a member  
of The Band Fishbone. Everyone in  
the entertainment industry should  
understand this.

I trust you're well, Mr. Carter.  
I am very concerned about the  
showers here. After all, I nearly  
had my foot amputated for a  
stage infection I picked up  
at the Star of Hope mission.

One other thing Cohen likes  
about at the bail hearing - he  
said I stopped into his lawyer's

office a year or two earlier. Actually,  
I stopped in 7 years ago - with  
Ray - and, at that time, when  
I saw he was encouraging Lindy  
to take Ray away from me. See  
your quotation. I'll address  
the fact that I discussed this  
with agents from criminal intell -  
Soviet Treasoning.

In a 1984 note, my cellmate,  
Lorraine "Nightmare On Elm Street"  
just advised me that she's not  
jealous of me because there are  
lots of "pretty" women here. I  
personally believe psych meds should  
be outlawed.

I'm thinking up more questions  
for Phillip and I want to remind  
him to stay strong, miracles - while  
rare - can happen; and he should  
not die in prison. I think Phillip  
can survive and definitely I think  
he should sue the DA + Cohen with  
me - particularly now that they are  
proving their "conspiracy." (The rest,  
Take Care, Bruce. All Killers

After all, The Potomac Chief was warned to  
his house lawyer and he had to pay for  
supplies, etc. But I am not a doctor.  
to a doctor. Based on his testimony, I scanned him

it's obvious that an excellent  
attorney could flip his lies  
to shreds. My own lawyer  
managed to nail his ass in  
numerous lies in MINUTES!

P.S. I am on high blood pressure med.  
now - until recently it's been  
between 145-185. Now, 115 or 113

Seems low now. I suppose the  
K why I haven't felt well for  
months + the ER dr did say  
I need a doctor. I should have  
taken you heart pills, etc. but  
just doesn't prescribe it and views  
it as a psychiatric med. My  
mother and I both take it for  
cardiology reasons and the dr  
here is not a cardiologist.

P.P.S. - I feel like Hunter Thompson  
when the Secret Service investigated  
him for saying a President  
should be fanned + feathered.  
He wanted to know if, alternatively,  
he could say that this man should  
be fucked up the ass by a horny  
bull elk on aid in the basement  
of the White House?

P.P.S. - I'm certain Cope played  
a hand in having the mother of his  
children arrested on Hydra, Greece.

Tues.

Dear Bruce,

I have now advised my public defender that I want a restraining order against the DA, Steve Cooley. These people approached me, he began threatening me, and have a lot of nerve attempting to intimidate me by having an investigator in the court room with Cohen's trial scene. I also want my lawyer to address all the lies in the LPP complaint - including, but not limited to, Cohen's insane life in his Grand Jury suit.

If somehow does not seem appropriate to let her go unchecked. And then, there is the City Attorney Sarah Streeter, who one cannot comprehend without a first person encounter. She is mind boggling and utterly entangled with Cohen.

I personally believe my lawyer should attack the Boulder restraining order - there were no witnesses, evidence, and I asked the judge to make it permanent. Beyond that, it is fraud and I cannot imagine how a judge in Boulder (or LA) has jurisdiction over someone who resides in Berkeley.

P.S. My father is home receiving out-patient rehab and will. My mother is worried about me and that Specter's letter (he: me the DA) scares her. Very happy I was able to speak with her.

Here are Cohen's main lies from the "Bart" hearing. He is pathetic, looked like a big fraud and thug, and is evidence that Hollywood will crush you once a wealthy celebrity.

1) I worked at his "business manager" I did not.

2) A prudent man would have a sense of fear for my enemies. Actually, Bruce, a prudent man would have blocked my emails if they were so disturbing.

3) I intend to take Cohen down is not a threat. After interviewing Michael O'Connor re. his brother's death by drug squad, Cohen told me this is what he would like to do.

4) We not only had a business relationship, we had a personal relationship from 1997-2003 approximately possibly longer.

5) I did not fail to file my tax returns. See IRS + FTB.

Cohen cannot stop being a stealer. He is evidently impressive to the DA, City Atty, Lake County Court, and Court which fully resemble a "criminal enterprise."

I've been reading quite a lot since my unfortunate arrival at Lynwood. I can assure you, Bruce, that I am not thrilled to be in the custody of the Sheriff's Department. For one, they believe Phillip is guilty and played a role in the destruction of his life. And, they invaded my house & seized many documents and records that were mine. As I said to Sgt. Fernandez: Is everyone in California helping Leonard Cohen with his criminal tax fraud? The answer is yes and now extends to the City Attorney. It does not, from what I could tell, extend to Berkeley PD.

I really cannot believe Steve Cooley was heard as an issue when the confederate's judge asked who was in the courtroom. Steve Cooley and his "investigator" (who clearly has "motive") are obviously dead set on proving they are on a conspiracy with Cohen. My law you agree - The IRS, FBI, & FTB should arrest them all and

prosecute them.

No one can figure out why I am here. My lawyer said the judge would want to know why I'm in jail. Maybe he can figure out why Canada's National Treasure, Leonard Cohen, cannot live in Canada. I have no idea what I am being charged with but now want to confront the fraudulent Boulder restraining order. I remain unaware of my father's condition and am furious that I would be "arrested" after he had 2 strokes. Phone calls at Inmanwood, Poudre, are a privilege and not a right. Strip searches are not unconstitutional evidently. And, yelling all day seems to be viewed as professional conduct. This is a false arrest and false imprisonment and will be litigated as such. Make no mistake about that.

I am waiting for the complaint filed with LAPD and will connect every he and ask my lawyer to transmit the documents to LAPD.

(W)

I wrote to Phyllis. Sent the letter to Rachelle and asked her to pass it onto him. Who would have thought that in the year 2012, Phyllis and I would, respectively, be in prison and jail - both dealing with Cohen + Cooley. Well, as the 11th Shaman advised me: corrupt politicians and corrupt cops. I would assume that all protectors are aware of them.

What is the good news? There isn't any. I am working on my book and there is now a chapter on jail, Cooley, and the Criminal Enterprise known as LA Superior Court. Apparently, with respect to "Paul the Judge" minor take the allegations as "fact." When, Poque, is fraud and perjury a "fact?"

I trust you are well. I have my lawyer emailed you and Mr. Riordan. I am going to ask him to email the IRS, FBI, FBI, Treasury, and DOJ next. Michael

has been in touch with Putza, naturally, and I can assume you

himself if in pulling is matter  
Only a nation would pull his bull shit on the stand.

And, he appeared to be  
"disgusted." Hearing Cooley's  
name in this matter makes me  
ill! Maybe they will confess next.

That I am not - as the City Att.  
LIED to the judge & estranged from  
my children or family. The fact  
Fitzger and my sister are paying  
my April rent and ~~Karen~~ has been  
putting money on my books so  
Sarah the psychotic City Attorney  
should begin thinking through her  
lies + perjury. After all, I am  
suing her and asked my lawyer  
to help me trap her in her game  
as well. Wish me success.

All the best,  
Pulley

P.S. I have so many "unreasonable"  
warrants that aren't mine. At least  
one has been dismissed. Seems  
quite strange from my perspective  
what kind of warrants can there  
be for a warrant for one's arrest?  
This system is a monstrosity!  
As Othello Greenwald said: And  
justice for some too. Cohen, who  
can pay for it and

P.S. Ask the Karmapa and Jigme Rinpoche to join me in my "Execute Steve Cooley Movement." After all Cooley's buddy, Jihad Gianelli, targeted and my family. They don't just role this dude out for press conferences. He is the master mind. EXECUTE STEVE COOLEY. My motto and political platform.

*Re: Kelley Lynch*

Dear Judge Vanderet:

As a criminal defense attorney, I have never written a letter like this before, however, I am writing to you regarding the sentencing of Kelley Lynch. I too have been subjected to Ms. Lynch's constant telephonic and electronic harassment for the past five years. I have never met Ms. Lynch in person, however I came into contact with her while I was defending Philip Spector. As a result of representing Philip, she began calling me.

Ms. Lynch has left me countless voicemails almost every single night for the past five years. Part of my daily morning routine was to go through and delete upwards of 30 voicemails that she had left the night before.

There was a time when Ms. Lynch found the fax number of the law firm from whom I sublet office space and she would fax hundreds of pages every day, making it impossible for the firm to receive legitimate faxes, until the IT people were able to block her number.

Once Ms. Lynch discovered my email address, she began sending hundreds of emails to me every single day. I tried adjusting the spam filters, but she changed email addresses to evade these measures. I even set Outlook to send her an automated response to every single email informing her that her emails were being automatically deleted and unread, but this too did nothing to slow her steady barrage.

My partner, Tim Parlature, spoke with Ms. Lynch several times on the phone in an attempt to convince her to stop. Every time, she would agree to stop, this would only provide me with a 48-72 hour reprieve before she would recommence her campaign in earnest.

This bombardment has continued unabated until recently when Ms. Lynch was remanded. Not having followed the news, I only learned of this case when I began receiving letters from Ms. Lynch with a return address at the Lynwood Jail.

While Ms. Lynch never threatened physical violence against me, as she apparently did with Mr. Cohen, this has had a significantly negative impact on my life. I have had

conversations with Pat Dixon, of the District Attorney's Offices as far back as 2008 asking them to do something about this woman. I am glad to hear that she has finally been brought to justice and I hope that she will be punished accordingly and that I never have to hear from her again.

Very truly yours,

**Re: Kelley Lynch Sentencing, Los Angeles City Attorney Case No. 2CA04539**

Dear Honorable Judge Vanderet:

The Los Angeles County District Attorney's Office Bureau of Investigation who is charged with the personal security of District Attorney Steve Cooley requests Mr. Cooley's name be added to the list of persons not to be contacted, annoyed, or harassed by Kelley Lynch. This request is based on the volume of annoying and threatening communications directed at Mr. Cooley already received into evidence at this trial, coupled with an additional email received on January 21, 2012, that directly threatened to "execute Steve Cooley." Kelley Lynch began her contacts with the District Attorney's Office in 2007.

Please feel free to contact myself or my staff if the court has any questions concerning this request.

Very truly yours,

STEVE COOLEY  
District Attorney

RE: Kelly Lynch  
CASE NO.: 2CA04539

Ms. Sandra Jo Streeter, Deputy City Attorney

I read the five letters you sent me written by Ms. Kelly. It appears she has targeted her rage to several people for her current problems. The threats about "execute Cooley" are a source of concern. **Any threats made by the defendant must be taken as credible and serious.** From her writings and the barge of letters and emails she has sent suggest she is out of control and possibly dangerous.

Having not met with Ms. Lynch my supposition is she is suffering from 301.0 Paranoid Personality Disorder (Diagnostic Statistical Manuel of Mental Disorders-VI, published by the American Psychiatric Association) Four of the following must be present to met the criteria.

1. A pervasive distrust and suspiciousness of other such that their motives are interpreted as malevolent present in a variety of contexts;
2. Suspects, without sufficient basis, that others are exploiting, harming, or deceiving him or her
3. Is preoccupied with unjustified doubts about the loyalty or trustworthiness or friends or associates
4. Unwarranted fear that information will be used against him or her
5. Reads hidden demeaning or threatening meanings into benign remarks or events
6. Bears grudges i.e., is unforgiving or insults, injuries or slights
7. Perceives attacks on his or her character or reputation that are not apparent and is quick to react angrily to counterattacks
8. Need to have the last word

**RECOMMENDATIONS AND SENTENCING CONDITIONS:**

Ms. Kelly would benefit being ordered to an inpatient locked psychiatric facility such as Gateways where she will benefit from a psychiatric evaluation, treatment and medication. My impression is she will not comply with court orders if she is released. Left to her own devices the fear exists she will act out her perceived injustices. There are a couple of ways to stop the bombardment of letters and emails, one is to provide a list to the jail authorities of people blocked from receiving correspondence from Ms. Lynch would be helpful. Another would be asking the court to issue an order addressed to the jail authorities that Ms. Lynch is prohibited from using the telephone. Ms. Lynch revels in a false belief of entitlement "if people are bothered by the letters she sends, it is not her problem and they should change their addresses.

If I can be of further assistance, you can reach me on my cell 213-500-5574 or at my office at 213-384-7084.

Respectfully submitted,

*Sandra G. Baca, PsyD, LMFT*
